NAZARENE MISSIONS INTERNATIONAL

5 April 2023

Eurasia Region

Luxembourg

In 2021, during the chaos and closure of a global pandemic, the Church of the Nazarene opened its work in Luxembourg, beginning with work among Portuguese-speaking residents. Though once a leader in steel production, Luxembourg is now known best for being Europe's most powerful investment management center. Workers from Germany, France, and Belgium cross the borders each day. While the work is still very young, God is doing amazing things among His people in this small European country, a cosmopolitan and diverse nation whose population represents over 190 nations. What can a small, vibrant Church of the Nazarene hope to accomplish in a country like Luxembourg? As agents of hope, these Nazarenes anticipate God working through them to reach across many of the cultural divides, and the social complexities of the days in which we live, and change lives through His love and grace. As you will read in the article provided by Nazarenes working in Luxembourg, God is already at work!

PRAYER

- Pray that the Lord will lead to the right location within the capital city for a place to worship and grow the church. The congregation no longer fits in its current space.
- Pray for wisdom as the church reaches out in every direction, with open arms, to welcome neighbors into the church.
- Pray for those with whom the Church of the Nazarene in Luxembourg connects in this highly secularized society, many of whom feel isolated and lost in need of the love of God.

PRAISE

- We praise God for the great collaboration with neighboring Nazarene districts in Europe, like Germany, and for the growing connections that make the new work in Luxembourg a part of the Eurasia Region.
- We praise God for every opportunity to share the Good News of Jesus with the wonderful people of Luxembourg—not just Luxembourg City, but across the entire country.

The Church of the Nazarene gathers in Luxembourg

Good reports are coming out of the relatively new work in the small European country of Luxembourg. The committed congregation and its leaders, along with missionary support presence, are reaching out into a highly secularized society with the Good News of Jesus and the hope He brings through the life He offers.
