THE
COLLEGIANS
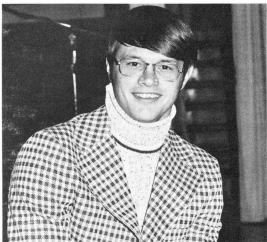

OF
BETHANY
NAZARENE COLLEGE

Hundreds of practice hours . . . thousands of miles traveled . . . dozens of songs sung . . . scores of services. This is the life of the Collegians! In traveling from one end of the Bethany Nazarene College Educational Zone to the other, these five dedicated young men have well represented the Christ and the holiness college they love.

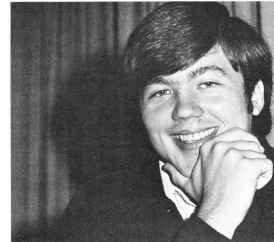

And now, following many requests they have produced a record. It is offered with the prayer that the music recorded will be a blessing to all who listen.

I commend to you these Collegians and their record with the earnest prayer that the spiritual vibrancy and blessing of their lives may be reflected in the music you will enjoy as you play their songs from time to time. Through this record may the Collegians continue to influence young people to give their lives to Jesus Christ and to prepare for lives of service at BNC!
