VOL. XV — NO. 28

NORTHWEST NAZARENE COLLEGE, NAMPA, IDAHO

Friday May 18, 1956

NNC TO OFFER NEW MAJOR

Members of Crusader Choir with their director, Warnie Tippett.

Tink, Armstrong Featured Sun.

Joy Tink of Rockford, Ill. and Bill Armstrong of Nampa will be featured in a vespers concert at Northwest Nazarene College on Sunday, May 20, at 4 p.m. in the college auditorium.

The program for the concert was announced today by Double E. Hill, chairman of the division of fine arts at NNC.

Miss Tink, pianist, will play "Italian Concerto" by Bach, "Rondo" by Haydn, "Nocturne in F sharp major" by Chopin and Beethoven's "Concerto in E flat major". In the latter number she will be accompanied by Alline M. Swann and Armstrong.

Armstrong will present the following organ numbers: "Chorale" by Bach, "First Sonata" by Mendelssohn and "The Kettle Boils" from Clokey's Fireside Suite.

Both Miss Tink and Armstrong are students of Alline M. Swann. Miss Tink will be graduated from NNC this year with a major in music literature. She has been very active in student affairs and is secretary of the student body this year. She plans further study in music. Armstrong is a Nampa and is a pre-med student. He is a member of the Crusader Choir.

Billy Armstrong.
Piano Ensembles, Joy Tink, Billy Armstrong.

Speech: Radio, Joe Michel.
Poetry, Clarice Harmon.

Track: John Finkbeiner, Don Constable, Dan Martin, Don Hartwig, Don Ogburn, Leroy James, Dale Orkney, Max Jenkins, Harry Maine, Ray Arnold, Manager.
J V Basketball: Cecil Campbell, Ben Clouser, Don Constable, Phil Stuchell, Joe O'Niell, Wally Steward, George Zickafoose, Don Doane, Don Hartwig, Allan Freeman, Tom Kegley, Terry Page, Trainer. Elwood Beukelman, Coach.

Baseball: Keith Jones, Don Boyd, Duane Peppley, Milton Dean, Don Morgan, Bob Brooks, Jim Nevin, Ben Clouser, Don Kinyon, Cecil Campbell, Don Crawford, Ed Crawford, Daren Flynn, Dick Etulain. Managers, Jerry Deatherage, Ron Kirkpatrick.

Next year the Division of Mathematics and Natural Science at Northwest Nazarene College will begin offering a new major called engineering physics. This relatively new type of major is patterned after similar programs at the University of Colorado, Ohio State University, and Harvard University and will feature applied science courses in electronics and nuclear engineering. The courses required in engineering science, physical science, and mathematics will include General Physics, General Chemistry, Elementary Radio, Engineering Drawing, Electricity and Magnetism, D. C. and A. C. machinery; Servomechanisms, Electron tubes and Circuits, Microwave Electronics, Transistor Electronics, Introduction to Nuclear Engineering, Modern Physics, Nuclear Physics, Physical Optics, Thermodynamics and Kinetic Theory, Analytic Mechanics, Calculus, and Differential Equations.

Although the majority of these courses will be taught by Dr. Gilbert Ford, a number of them will be given by Professor Virgil Vail. Dr. Ford received his A. B. degree from the University of Colorado in 1943 with a major in chemistry. In 1948 he received the M. A. degree in physics from Harvard University, and in 1951 he took his Ph. D. at Harvard. The major fields which he presented for his Ph. D. work were nuclear physics, quantum mechanics, electricity and magnetism, and physical chemistry. During the later years of World War II, he was associated with the top-secret Manhattan District Project, which developed the first atomic bomb. While with this project, he worked at the Radiation Laboratory of the University of California at Berkeley, at Oak Ridge, Tennessee, and at the National Bureau of Standards in Washington, D. C.

To determine whether there would be a demand by industrial companies for graduates of the engineering physics program, a questionnaire requesting information about present employment opportunities was sent to a number of companies in the electronics, aircraft, nuclear energy, guided missile, and electrical computer fields. The replies received indicate that graduates of the en-

(Continued on Page 2)

Bevington, Leckie Present Recital

Irene Honstead Bevington and T. C. Leckie, piano students of Alline M. Swann, will be presented in recital Friday night at 8:15 in the Northwest Nazarene College auditorium.

Mrs. Bevington is director of music at Grace Episcopal church in Nampa. She has studied both piano and organ with Mrs. Swann. Other teachers with whom she has studied are Adelaide Anderson Wayne of Boise and the late Frederick Beale of Caldwell. She is a graduate of the University of Oregon.

Leckie is in his second year on the piano faculty at Northwest Nazarene College. Originally from Buhl, he came to Nampa to attend NNC. He received his bachelor's degree at NNC and has done graduate work at the University of Illinois.

Awards Given To Students

The following awards were made in Wednesday's chapel service:

Badminton: boys singles, Dean Bottemmiller; girls singles, Nancy McConnell.

Ping pong: boys singles, Ron Kirkpatrick; girls singles, Mary Ellen Kirkpatrick; boys doubles, Ron Kirkpatrick and Cecil Shepherd; girls doubles, Nancy McConnell and Betty Richardson.

Horseshoes: singles, Les Hoyle. Shuffleboard: singles, Lenore Heiserman; doubles, Roxie Hull and Wanda Moore.

Tennis: boys A, Joe Michel; girls A, Betty Richardson. Boys B, Paul Yeend, girls B, Norma Phillips.

Music: piano solo, Joy Tink. Organ solo, tied, Ronnie JoYount,

Why Go To Church?

(From Medford Mail-Tribune)

Perhaps if we each one of us answered this question according to our own reason we would have a host of answers. Perhaps we could even ask the question of some—why don't you go to church?

There will be some who argue it isn't necessary to give a reason, it is the thing to do. Others will say they attend services on the Sabbath because others go, or because it is a habit. By the same token, those who do not attend have their reasons, such as feeling no need, having work to do, believing they have their own thoughts on religion.

But can those of us who go to church actually say why?

One of the better answers we have heard is that given by Edgar A. Guest, prominent writer, who says:

"I go to church because I want my children to go to church. I want them to know something more of this life than business, sport and selfish amusement. I know only one institution that will teach them that they are divine. The church will interfere with their pleasures at times, but their mother and I sometimes have to do that and we find that they love us none the less for it. The church will mystify and puzzle them and seem irksome to them now and then, but all things that are worthwhile demand something of us in sacrifice. I believe that the church and the things it stands for are necessary to our well-being."

Aw Revoir Hamigos!

Time for this little editor to go. The paper also, for another year. Duane gave us a good staff and advisor for the beginning semester. All we had to do was step into the ready-made suit, and with a minimum of effort on our part the paper continued to appear each Friday morning. We tried to make it as good as the issues of first semester. If we succeeded it is because of the hard work of the staff and Miss Wilson's journalism class.

We want to thank you for reading the four pages and each of our ads. What? Well the four pages anyway.

I talked to Richard and he said he would be glad to help me write this last editorial.

Did I tell you how I met Richard? It was in the darkroom. While I was developing some negatives. He slid some copy under the door. Said he heard I needed some filler for the paper. When I opened the door he was gone. Each week he would slip copy under the door. Once I tried to catch him and he quit writing for two weeks. Said he was a shy type of fellow. So you see I haven't really met him. But I would know his walk anyplace. He wears taps that always click in rhythm. If you listen closely you can hear him humming a pop tune, and sometimes I hear him gurgle ugh ahhhhhhhh mmm slurp! as he slides copy under the door. At least he attends basketball games. One time I heard him say, "see ya, Harry," so I know he eats in the dining hall. And I have heard his solemn testimony that he is definitely a stronger. That without doubt makes him from NNC.

I promised Richard that he could finish this editorial, but since we are running out of space I will let him continue it next week. No issue next week? Shh! I know it, I know it. But please don't tell Richard. Once you get him started he absolutely never stops talking.

—Winton, Richard the Reif, Miller

School Calendar

May 19, Friday	Faculty picnic.	mon. 5:00 p.m. Vesper. 8:00 p. m. Theological program and annual sermon.
May 21-24 Mon. and Thurs.	Final examinations.	May 28, Monday
May 25, Friday	Semester grades due. College Picnic. 8:00 p.m. College High School program.	7:00 a. m. Honor society breakfast. 10:00 a.m. to noon, last chapel meeting. 3:00 p.m. Senior class program followed by tree planting tea for senior girls and their mothers.
May 26, Saturday	9:00 a.m. Last Faculty meeting 1:30 p.m. Joint rehearsal of both baccalaureate and commencement processions.	8:00 p.m. Commencement address and awarding of degrees.
May 27, Sunday	8:00 p.m. Fine arts program.	May 30, Wednesday
11:00 a.m. Baccalaureate ser-		Choir tour begins.
		June 4, Monday
		Summer school registration.

NNC TO OFFER

(Continued from Page 1)

gineering physics curriculum at N.N. C. will find very good employment opportunities. The average initial salary was a little over \$5000. per year. These companies also indicated that after five years experience, an engineering physics graduate of average ability and initiative could expect an average salary of just under \$7300. a year. Higher salaries were indicated for men with M. A. or Ph. D. degrees.

The following are quotations from some of the letters received: "I must point out . . . that we are finding that the graduates with a degree in Engineering Physics are very popular in our operating departments and laboratories."

"I might say that we feel that a one, two, or three man physics department, where the faculty have as high qualifications as you do, often produce a higher caliber student than do the large universities where the students are turned over to graduate assistants."

"In reviewing the curriculum outline in your letter with members of our technical staff, we believe that the courses of study would certainly be satisfactory to us and we would probably be most interested in the contemplated Engineering Physics program."

The Division of Mathematics and Natural Science also offers majors in chemistry, physics, mathematics, Biological science and zoology.

Pre-professional curricula are offered for those who plan to transfer to other schools for specialization in such fields as agriculture, forestry, engineering, dentistry, laboratory technology,

Shepherdess Class Has Last Meeting

Mrs. Deb Laws announces the last Shepherdess Class meeting of the year for this Saturday evening at 8:30 at the President's Home. The classes have been centered around personal and practical phases of parsonage life.

This Saturday is the wind-up and the only social gathering of the year. The girls invite their husbands and have their class picture taken at this meeting.

This year's text has been "That we adorn the Doctrine of God our Saviour in all things."

Mrs. Deb Laws is president Mrs. Marion Needham publicity secretary and Mrs. Riley the teacher of the class. This year there have been 31 enrolled.

Business Club Has Hamburger Fry

The Business Club met last Tuesday afternoon in Mrs. Voget's patio for a hamburger fry and the election of officers.

Wilma Hokanson was elected to serve as president next year. Wayne Rouse, vice-president; secretary-treasurer, Joan Ferguson, and program chairman, Pat Nine.

medicine, optometry, veterinary medicine, and pharmacy.

The student planning on a major in engineering physics should include in his high school preparation, three to four years of mathematics. Less than three years of high school mathematics will probably make additional mathematics courses in college necessary. Other high school courses which would be of special benefit are chemistry, physics, biology, German, French, radio, and metal or wood shop.

NNC Splits With C of I

NNC and C of I closed out the baseball season last Tuesday by splitting a double header. The Coyotes took the first game 10-3 while the Crusaders won the second game 5-2.

C of I tagged Cecil Campbell with the first loss of the year in the first game against five wins. Included in the five wins is a previous victory over the Coyotes. C of I's 10 runs in the first game were aided greatly by eight NNC errors.

Coach Frazier's men rebounded in the nightcap, however, and freshman Daren Flynn pitched his mates to a 5-2 victory. The pace was somewhat slower in the second game as Flynn struck out five and walked three.

Don Boyd and Mickey Dean sparked a two-run first frame with a pair of singles and the Crusaders added two more in the sixth on Don Morgan's single and a passed ball. NNC's heavy hitter for the day was Mickey Dean who knocked a triple in the opener.

The baseball team will be losing two seniors this year. And according to Pop Frazier they are some of the best. Don Morgan, one of these seniors, was elected honorary team captain and the other graduating senior is Mickey Dean.

Archery Tournament

At an archery tournament held last Tuesday Phyllis Ellis placed first. Second was Nancy Bellamy and third place winner was Mary

Finkbeiner Selected To Run in NAIA

Coach Hills announced in chapel Thursday morning that NNC trackman John Finkbeiner has been selected to run in the NAIA finals to be held in San Diego June 8 and 9. John will be running the 880.

Our congratulations go to John and we wish him success in his race.

Track Ends Season

A few NNC trackmen are still wrking out although the regular season has been over since last Saturday's ICAC meet in Ogden. The reason for this is that Coach Hills hopes to take at least one and perhaps three tracksters to the NAIA sectional meet in Ricks.

The NAIA is a small college organization, and the winners in the National meet in Abilene, Texas, are entitled to enter the Olympic tryouts.

John Finkbeiner will be entering in the meet at Ricks as one of the NNC entries. The other possible entries are Harry Maine in the two mile run and Don Constable in the low hurdles.

Girls Tennis Team Downs C of I Squad

The NNC girls turned back the C of I girls for the third win of the year by downing C of I 3-2 in matches played on the Caldwell courts Monday afternoon.

The results were: Singles: Betty Richardson was defeated by Hill, 2-6, 10-8, 4-6. LaDonna Nafziger lost to Adams, 3-6, 6-3, 4-6. Jo Wilcox topped Nicholson, 6-0, 6-3.

Doubles: Lois Morgan and Roxie Hull over Ramsey and Burbidge, 6-3, 6-1; and Norma Phillips and Mary Kirkpatrick topped Jordan and Ahrews, 6-1, 6-0.

NNC girls will be meeting C of I again Wednesday, May 23, on the home courts.

Ellen Harmon. This tournament was sponsored by the Women's Physical Education Department.

Trojan Talk

By
Dave
Jackson

The Trojan baseball team finished their season with a 5-5 win and loss record. Don Olmstead was the ace pitcher with a 3-2 record. Other records on the mound were Bill Manley, 1-1; Al Lair, 1-1 and Dick Ness, 0-1.

The squad will lose eight members at the end of this season-Dale Fleming, Larry Gentry, Dave Jackson, Bill James, Don Olmstead, Perry Winkle, Keith Wright, and Chuck Yell.

The student body of College High school held their annual "All School Picnic" Thursday afternoon in Lakeview Park. Vice-president, Mary Ellen Everist was in charge.

According to Mary Ellen Everist, ASB Vice-President, the big events for the day were the crowning of a Mr. and Miss College High and a Mr. and Miss Junior High. These persons were

High School Track

Trojan thinclads scored a total of 45 points at the Adrian Invitational track meet to cop second place. The six College High squad members participating in the meet were: Larry and Jerry Hull, Wayne Dahl, Phil Frisk, Charles Yell, and Lloyd Thompson.

Although Adrian copped team honors, the Hull brothers stole the show with their 153½ points apiece. Larry Hull won the broad jump and both hurdle events. Jerry Hull took the high jump, 220 and 440 yard dashes.

SLAs Win Baseball Tournament

The SLA boys won the intramural softball tournament Monday by downing the ADPs 14-10. The SLAs have a record of 4 wins and 2 defeats. The Olys took second place, the ADPs third, and the LSPs fourth.

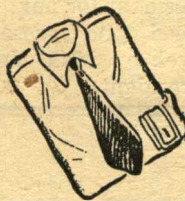

elected by the student body in an election held previously. Crowned as Mr. and Miss College High were Dale Fleming and Barbara Urwin. Reigning as Mr. and Miss Junior High were Ernie McNaught and Phyllis Fletcher.

The high school student council at their last meeting chose Mary Ellen Everist to serve as high school reporter for the Crusader, and Lynn Riley to serve as next year's representative on the Oasis staff.

The Fifth Annual Circle K Club Banquet was held Tuesday evening, May 15, at Midway Lunch. The speaker of the evening was Mr. Erwin Schwiebert, Repre-

DON'T FORGET EXAM WEEK

With the arrival of graduation and all the flurry of activity that comes with the end of school there comes a more serious note. Examination.

The week of May 21-25 has been set aside strictly for tests and for studying for tests. Be sure to check the schedule to know when your tests are, and then put in some time studying for them.

GNG ELECTS OFFICERS

Next year's officers were elected at the last GNG meeting held May 10 at Mrs. Voget's. Elected as successor to Lois Morgan as President was LaDonna Nafziger.

Other officers elected were: vice-president, Betty Richardson; secretary, Violet Jahn; concessions and treasurer, Marilyn Samp, and point recorder, Lynell Lewis.

Plans were also made for the annual GNG Breakfast which is to be held Saturday, May 19.

Future Teachers Have Tea

Future Teachers of America sponsored a tea for all cadet teachers and their supervisors at the home of Dr. and Mrs. Riley on Thursday afternoon from 4:00 to 5:00. All the supervising teachers were presented with a small corsage in appreciation of their time and effort spent to help future teachers graduating from NNC.

representative of the U. S. Chamber of Commerce. Harold Weber served as master of ceremonies, and Carol Russell gave a reading. Jim Ridgeway, president for next year was introduced and presented with the gavel by Max Urwin, this year's president.

Beanery Remains Open

The beanery will be open during the breakfast hours May 29th to serve persons who are still on the campus.

Library

The library staff would like to remind all students that fines have to be cleared and overdue books returned before final exams.

Home Econ. Club Receives Trophy

Each year the Circle K Club elects one of the clubs on the campus to receive a special trophy. In the award assembly last Tuesday the Home Economics Club was awarded this trophy. They received the award because of their outstanding organization and participation on the campus during the '55-'56 school year.
