## Mr. James A. Feltar Receives Oasis Dedication

By GILLIAN FAVOR

Prof. James A. Feltar, "who has been a life-long educator," was announced today as the recipient of the dedication of the 1959 Oasis.

The chapel audience gave prolonged applause to the man who was described by Oasis editor Noel Riley Fitch as a "loving son, tower of strength to his aged mother, devoted husband and father, companionable grandfather, lover of horses and mountain trails—a man among men."

The dedication page further lauds Prof. Feltar as "an educator who exemplifies truth . . . a lover of youth, warm but not sentimental, stern but fair, imparting knowledge, demanding performance, calling forth the best."

Prof. Feltar came to NNC in 1949 with a rich background of some thirty years of teaching and administrative experience in the public schools of Kansas and Washington. A former member of the Board of Regents of NNC, Mr. Feltar assumed the position of principal of College High School in 1949. He also taught a class in algebra where Mrs. Fitch was one of his pupils.

Two years ago he retired from high school work to assume his present position as Director of Student Teaching and Teacher Placement at NNC.

Prof. Feltar obtained his A.B. degree at Central Washington College of Education and earned his master's degree at Eastern Oregon College of Education.

The Feltars have three daughters—Mrs. Howard Dobbs, Mrs. May Brown and Mrs. Ruby Boyd—all of whom attended NNC. Mr. Feltar is an accomplished horseman and has been a long-time member of Kiwanis International.

Last summer the Feltars were involved in an automobile accident which has left Mrs. Feltar an invalid. The Feltars occupy a home at the edge of the campus.

The presentation of the Oasis—always a highlight at NNC—took place during the regular chapel period Thursday. Editor Fitch announced that copies will be distributed to students as promptly as possible.

## THREE GROUPS TRAVEL FOR NNC THIS SUMMER

### THE "CLARIONS"

The mixed quartet, the "Clarions," will remain in the Northwest during most of the summer. This quartet consists of Sharon Satrum, Woodburn, Ore., who sings soprano and also accompanies the group; Beth Schwabauer, Sidney, Mont., alto; Jerry Groenig, Yakima, Wash., tenor, and Gordon Olsen, Eugene, Ore., bass.

### THE "MELODAIRES"

The special project of the summer groups will be to raise money to furnish the new women's dormitory.

## Freshman Class Elects Abrams To Presidency

At a freshman class meeting May 11, Jerry Adams of Port Angeles, Wash., was elected to serve as next year's sophomore class president.

Neil McKay, Orofino, Idaho, was chosen as student council representative

## Commencement Significance

Academic garb does not make a scholar, but when he is made, it does "help to set him off," does add dignity and meaning to the commencement activities.

The term investiture signifies the act of clothing with the insignia of office; to install ceremonially. There is strongly attached the idea of the right of investing and the right of being invested. Those who invest or wear investments are honor bound to wear them rightfully.

An intercollegiate commission in 1895 drafted a uniform code for academic caps, gowns and hoods, which has been accepted by some 700 colleges and universities in the United States.

Colors in the hoods indicate the university departments of learning.

The common fields are:

Art and Letters	White
Theology and Divinity	Scarlet
Laws	Purple
Philosophy	Blue
Science	Golden Yellow
Dentistry	Lilac
Medicine	Green
Music	Pink
Engineering	Orange

### GRADUATION ETIQUETTE

1. Men remove their caps at the time of invocation and leave them off until the ceremony of conferring of degrees.
2. Women wear their caps throughout the exercises.
3. Do not wear the cap tilted at an extreme angle.
4. Black shoes are to be preferred with the gown.
5. During the conferring of the degree, the men will don their caps and leave them on until the conclusion of the ceremony.
6. Do not wear flowers or badges on the academic garb.
7. When the degree is conferred, the candidate will extend his left hand to receive the diploma and will place the tassel on the left side of the cap with his right hand. It is suggested that the candidate look at the president when receiving the diploma, and that a smile is entirely in harmony with the occasion.

★★ Editorial Comment ★★

This Is It!

It has been an honor to serve you this year as editor of the Crusader. We have tried to do the best of our ability to make unbiased presentations of all campus activities.

Anyone in a position of leadership knows that without the cooperation of everyone, accomplishment is unattainable. We appreciate the cooperation of each one of you.

The administration and faculty have been especially helpful in furnishing us with the news. A special "thank you" goes to our sponsor, Miss Helen Wilson, for her help and time she has given us. We sincerely appreciate your support.

Reverend Stowe has willingly written beneficial articles for us this year. We feel that his column has been a significant contribution to the Crusader this year. Thank you, Reverend Stowe.

For you staff members who have faithfully shared the responsibilities, we could not have made it without you. We thank you for your dependability, Gordon, Jerrie, Dick, Mary, Norma, Bonnie, Jim, Ruth, Sandy, and Wylna.

We could not have had better business people with whom to work. Schwartz Printing operators have sometimes worked overtime in order to get our paper out on time. Chapin's Photo Shop and the Idaho Free Press have always been congenial.

The advertisers have helped to make our paper possible this year, and we hope that you have profited from your advertisements.

To each staff member, no matter how small or how large of a part you played in the production of the Crusader, we gratefully extend our sincere appreciation.

Best wishes to next year's staff.

Dr. Percival Wesche Says "Scholarship Should Be Better"

By RUTH OLIN

Though it may take more years than he cares to think about, Dr. Percival A. Wesche and his wife, Marjorie, still have hopes of finishing the lovely home where they now live in Nampa.

The Wesche's also have two other projects which demand an interest in their busy lives. A cottage in Deadwood Lodge awaits invitingly for finishing touches and about 150 chinchillas at Percy's chinchilla Ranch require the usual animal attention.

Besides being the devoted husband to his wife, Marjorie, and father of their two girls, Joy Dell, 8 years old, and Jody Kay, 7 years old, Dr. Wesche places his call to the ministry of supreme importance. He feels that his work here at NNC is a part of this call to the ministry as long as he is helping young people toward goals of Christian service. He is now in his fifth year here.

Local Drs. Henry and Gerald Wesche are both older brothers to our professor as well as Dr. Kenneth Wesche who is Vice President and Dean of Western Evangelical Seminary at Jennings Lodge in Portland. A younger sister is serv-

ing as a public school teacher in Washington.

Dr. Wesche believes that the general scholarship of our campus is not what it should be. One of the reasons for this, he states, is the misuse of time by many students. "A lot of students fool around the dorm and get involved in too many organizations, whereas on a large campus students are more selective," he explains.

He does not propose that extra-curricular activities be cut out, but rather that students be encouraged to be more selective and strive for a better time balance.

If time allowed, Dr. Wesche would do more hunting and occasionally practice golf. To him, reading is like the postman going for a walk! If you were to ask him where he was born, he would reply, "Ashland, Wis." As far as food goes, he loves it and plenty of it.

In addition to his responsibilities as professor classes, Dr. Wesche is chairman of two divisions, the Division of Social Sciences and the Division of Graduate Studies. He is here on business—important business for his Lord, and NNC is a better school for having him.

World Events Pass In Review

By JIM FRANKLIN

Senator Wayne Morse, a very "ungentlemanly" gentleman from a neighboring state, made an unprecedented personal verbal attack upon Mrs. Clare Booth Luce, a lady who has proven herself of very capable diplomatic abilities.

He even went to the pains of delivering a three and one-half hour speech of 17 pages and 20,000 words. "Is she honest? Is she reliable? I am satisfied that Mrs. Luce does not meet either criterion. There is nothing in her record to indicate to me that Mrs. Luce is qualified to be a diplomat. . . . The role for which she is well qualified is that of political hatchetman."

The President backed Mrs. Luce all the way. Despite Morse's attack she received a 16-1 favorable vote from the Senator's own committee and a 79-11 vote on the floor of the Senate approving her nomination.

Mrs. Luce replied to the attack that "My difficulty goes back some years and begins when Senator Wayne Morse was kicked in the head by a horse."

But the harm done by the one "ungentleman" had worked. In her resignation letter she said, "In spite of the best efforts of 79 Senators, the climate of goodwill was poisoned by thousands of words of extraordinarily ugly charges against my person."

The State Department issued this statement: "During her outstanding service in Italy, she demonstrated a professional competence that would have served us well in our constant objective of promoting ever-closer relations with our good friends in the great American Republic of Brazil."

RED CHINA

Mao Tse-tung "chose" a new chairman for the Chinese People's Republic. He is Lin Shao-Chi, a Communist ideologue who has been a close colleague of Moa's for many years.

MILITANT MINORITIES

By REV. EUGENE STOWE

The editor informs me that this is the last issue of the Crusader for this school year. May I take this opportunity to thank her for the invitation to chat with NNC'ers through this column. This has been a year to remember, and I count it a high privilege to have shared its memorable moments.

In just a few more days our seniors will be saying a final "Good-bye" to NNC, and the members of the other three classes will head out in all directions for summer employment. Let's face it, 600 Christian students going out to face millions of ungodly, irreligious people looks about as hopeless as little David facing up to big Goliath.

FACING THE "OUTSIDE"

During this year, your contacts with the "outside world" have been at a minimum. You have become accustomed to Christianity being the majority movement in your college life. But as you head home you will be confronted immediately with the fact that you are part of a very small minority.

Outside of your home and church relationships, you will probably not find one genuine Christian in the proverbial "carload" of people whom you contact. You will no doubt be shocked to see firsthand how much rank sin and rottenness is evident in the lives of those with whom you will work in the store, cannery, or harvest.

And you should be shocked. Whenever you can see sin without being shocked at it there is something radically wrong with your brand of Christianity! Your first reaction may be that you're in a hopeless minority. A minority, yes. Hopeless, not necessarily.

ONE AGAINST FIVE

Another young man found himself in a minority. His father's army of 600 men was facing an enemy force of 30,000 chariots and 6,000 horsemen. Worst of all, his side had just one spear and one sword! Talk about minorities . . . this was really one! But strangely enough, the story had a happy ending. The minority won out over the majority.

You can read it in I Samuel 14. The secret of this almost unbelievable turn of events is found in the attitude which this young man, Jonathan, took toward his situation. This attitude took into account not only the human predicament but also the Divine power available. These are his words, "There is no restraint to the Lord to save by many or by few." (I Sam. 14:6). He realized that one man with one sword can constitute the winning side if he is on God's side.

The very same principle applies today. Though the Christian may be in a numerical minority, with God's help this can be a militant and victorious minority, for God is not bothered by numbers! Take God with you on the job, stand with Him against evil and for good, and He will prove again that He can and will make you "more than conqueror."

Not only will He enable you to hold your own ground spiritually, but He will make it possible for you to carry the battle to the enemy and wage an offensive for His cause. Someone on the enemy side is just waiting for a Christian to witness and win him to the Lord. You can be that Christian!

Wherever you go and whatever you may do in the months ahead, make your plans to be a member of the militant minority which will conquer through Christ.

## YOUR PRESIDENT SPEAKS

### ASB President Gives Reflections

By JERRY HULL

In only a few days this school year will be nothing but a memory. The only reminder that we will have will be the Oasis placed on the shelf and a few souvenirs to remind us of special occasions throughout the year.

As I write my last article as your president, I can look back and say that it has been a good year. Of course, we didn't have as many honor students as we would have liked, neither did we win all of our basketball games, but we had the opportunity to associate with each other.

As I think of those with whom I have worked, I would like to say a particular word of thanks to Larry, Roberta, and Bob for a job well done. Then with the thought that it must not have been too pleasant for the Student Council to meet every Wednesday morning at 7 a.m., I would like to thank them for their hard work and sincere interest in the entire campus picture.

The real special thanks goes to each of you who have worked behind the scenes in sometimes thankless jobs. Any student that has had responsibility of any type has made an important contribution to our college.

No words express what I feel for the entire student body as well as these: "Thank you very much."

## Harold Nevin Is "Outstanding FBLA Member"

Harold Nevin, this year's president of Future Business Leaders of America, was named the "Outstanding FBLA Member" for the past year. Announcement of the honor was made at a recent banquet held at the Hill House in Boise where the selection of 1959-60 officers was made.

Business major John Clark of Nampa, was named president for the next year; Weldon Wood, vice president; Hugh Pierce, program chairman; Ethel Stover, secretary-treasurer; and Connie Hill, associate secretary.

Special speaker for the dinner was Mr. Harold Nevin, Sr., of Portland, Ore. He is a prominent businessman in that area.

Nothing astonishes men so much as common sense and plain dealing.—Emerson.

Dr. and Mrs. Francis Sutherland

## Dr. Francis Sutherland Enjoys Reading, Photography, Gardening

By RUTH OLIN

Now in its prettiest dress is the home of the Dr. Francis Campbell Sutherlands who live on Nectarine in Nampa. Many of the lovely flowers and fragrant shrubs which the Sutherlands have successfully surrounded themselves are not native to Nampa but to the Northwestern coast. The friendly red-haired hostess of this home declares that these plants help to keep her from getting homesick for Canada.

Dr. Sutherland was born in Richmond in the Province of Quebec and met his wife, Ann, in a Presbyterian Church while training on Vancouver Island after enlisting in the Navy. He believes the spiritual interest of the college YMCA was influential in his conversion.

### MISSIONARY SERVICE

The Church of the Nazarene welcomed him as a member in 1916 and two years later NNC invited him to join its faculty. After only two years here he sailed for China where he and his wife served for a total of ten years in two terms. Seven of those ten years, Dr. Sutherland was school principal in Hopei Province in China.

Outside of reading, photography and gardening are favorite pastimes for Dr. Sutherland. "I've had a camera since I was nine years old—I wish I had the first camera I had, it would be a museum piece now," he commented.

### EDUCATIONAL VALUES

Education has proved its worth to the professor personally and to his family. "Some people could get along without it, but I couldn't. I've seen the value of it in my family and the children," he added. When asked about his children, this beloved missionary smiled through his blue eyes proudly and talked about them in the following manner: "Dr. John Sutherland is a missionary in Africa and Dr. Paul is under appointment. Dr. David is an orthopedic surgeon in San Francisco and daughter Margaret, a trained nurse, is Mrs. Chester Carlson of Chicago. Robert is in business in Billings, Mont. with the W. C. Fuller Co., and daughter Ellen is married to Mr. Darrell Reisch. Francis is a high school teacher in Meridian and treasurer of the NNC Alumni. They are all married and we now have 18 grandchildren."

Several years ago Dr. Sutherland wrote "China Crisis" as a study book for the NFMS.

"I love to have young people come and talk to me about their problems." His humble service to our school might be best expressed with the words of one of his favorite hymns "Fairest Lord Jesus." It expresses some of the love and devotion that Dr. Sutherland lives daily for the God he serves.

## Down the Lane

By DICK ETULAIN

As the four-year sojourners are queen of the scene here at NNC, this column will be devoted mainly to reviewing those athletes who are completing or have completed their intercollegiate competition.

Heading the list of four seniors on the track team is Don Constable. The speedy cinderman is included in five school records: the 100 yd. dash, the 220, the 440, the low hurdles, and the mile relay. After graduation, Don plans to work at Hanford Project near Richland, Wash.

Hurdler Don Ogburn finishes his four year career by establishing a new school record of :15.5 in the high hurdles. Ogburn, who also runs the lows and occasionally throws the javelin, plans to enter dental school at the University of Kansas next year.

Dale Orkney and Dave Busenbark round out the quartet of cinder seniors. Dale ran his best mile this year in 4:58. Dale plans to do graduate work at the University of Oregon. Dave, who runs the mile and the two mile, never developed a winning form but could be counted on to pick a third or fourth in the event. A religion major, he plans to go into the ministry upon graduation.

### BASEBALLERS

Six seniors—two first basemen, two pitchers, and two outfielders, have completed their playing years for the Crusader team.

Bob Brooks, former all-stater from Sunnyside, Wash., has been an outstanding horsehide performer for NNC the past four years. Bobby, who is leading the team in hitting this year, collected seven homers his sophomore year to set a home run record for the Crusaders.

Sam Willard and Jerry Caven who have shared first base chores this year both will be seeking teaching jobs next year. (Sam's may be with his Uncle . . .). Sam displays one of the easiest swings you'll ever see, but when he connects it seems to go. Jerry displays as much potential batting power as anyone on the team.

Pitchers Ben Clouser and Cec Campbell also end their careers as NNC baseballers this spring. Ben, who played the outfield his freshman year, third base his sophomore year, and pitched the last two years, has much ability as a baseball player. After a shakey start this year, Ben settled down to pitch some good ball games. He plans to enter the service this summer, but he is still undecided about his future after that.

Cecil Campbell has proved to be an asset to the Crusader teams. Despite an arm injury that cut his abilities short, Cec has always displayed an enthusiastic spirit that will make him successful as a coach next year.

The last member of the graduating baseball sextet is very hard to write about, for he is Yours truly. Speaking as a representative of other athletes who have participated for NNC. I can say it is something to play on a Christian team. I plan to finish here next year and then further prepare myself for college teaching by attending graduate school the following year.

## Harper, Hopkins Chosen Captains

George Harper and Martha Hopkins were chosen as this year's honorary tennis team captains. Martha is a senior, playing her third year on the tennis team. She won seven out of nine matches this year. This is the second year that George has served as honorary captain. This year George lost only one match.

Final matches for both teams were played against College of Idaho on May 12. The men's team won 7-0 and the women's team won 4-2.

Winning for NNC on the men's team were George Harper, Dorothy Middleider, Dan Etulain, Jack Wright, Cecil Sheppard, Art Zeller-Dave Hanson, and Dan Etulain-Wally Stewart.

The winners on the women's team were Martha Hopkins, Mary Waller, Carmen Gilmore, and Ruth Watkins-Martha Hopkins. Orrene Maurer-Minnie Humphrey and Mary Lee Lester-Elaine Edwards lost to College of Idaho.

## Intramural Nears Semester End

Intramural athletic competition for this semester is nearing the end. Only a few softball games remain before equipment will be put away for another year.

The end of the basketball season and the choosing of the all-star basketball team composed of Ernie Thompson, Cecil Campbell, George Harper, Orville Swanson and Perry Winkle put the second semester program well under way.

Volleyball final standings showed the SLA team winning with a 5-0 record. Other standings were:

Athenian	3-2
Oly	2-3
LSP	1-4
Spartan	1-4
ADP	0-5

Only the SLA's and the Athenians received points in volleyball because every other team forfeited three games or more.

## Constable And Freeman Qualify For NAIA Finals

By DICK ETULAIN

Don Constable and Al Freeman brought the 1958-59 sports curtain down with a bang by winning trips to the NAIA Track Nationals at Sioux Falls, S. Dak.

Freeman, who placed first in the high hurdles at District 5 competition in Montana, will probably run the 400 meter hurdles at the Nationals. Constable, by merit of his first place finish in the 220, won his second successive chance to run in the NAIA finals.

Other cinder points for NNC were won by Don Ogburn, second in the high hurdles and third in the low; John Reed, second in the 440 and a tie for second in the high jump; Jim Lenn, second in the 880; and the mile relay team which came in second.

### BASEBALL CAPERS

Coach Elmore Vail's baseball nine split in six games since the last issue of the Crusader. Returning home from a trip to Washington, the Crusaders lost three in a row before they posted three consecutive wins.

Traveling to Boise the NNC diamond nine lost a close one to BJC 6-4. Ben Clouser pitched good ball for NNC but one disastrous inning in which the Broncos scored runs spelled the doom for the visitors.

Against the College of Idaho, the Crusaders played perhaps their best game of the season, only to lose in extra innings by a 6-5 score. Phil White led the local team with a two-run homer. On May 4 in another encounter with the Coyotes, NNC fell 10-3.

Behind the three-hit pitching of Jerry Isaacson, the Crusaders managed a split in their four-game series with BJC by winning 3-2. The Crusaders took an early lead when they scored in the first on a triple by Etulain and a single by White. The winning run was scored when John Wright stole with the bases loaded.

### EOCE DEFEATED TWICE

Displaying pitching power and rugged batting, the NNC nine easily defeated the visiting Oregonians twice, 12-3 and 7-2. Jerry Isaacson and Ben Clouser won the pitching honors.

Ernie Thompson was the big NNC batsman as he collected six hits in seven times at bat during the day.

## Individual Sports Winners Given

Second semester individual sports include ping pong doubles and mixed doubles, badminton singles, tennis singles, horseshoe doubles, golf singles and mixed doubles, shuffleboard doubles and archery doubles and mixed doubles.

The results of contests to date show the Oly's and the SLA's leading the pack in individual men's competition.

Phil Stuchell and Warren Eliseuson were men's doubles horseshoe champions. They are from the SLA society. Eliseuson and Cheryl Longanecker, SLA's were shuffleboard mixed doubles winners.

Men's badminton singles competition was won by Elon Booker, Oly. Jerry Abrams, Spartan, took second place, and Larry Halter, Athenian, placed in the third spot.

John Wright and Elon Booker were winners in ping pong doubles for the Oly's. Spartans Jim Bateman and Carol Coulter won mixed doubles competition in this sport.

In golf singles, Phil Stuchell and Dan Hudson, SLA's, placed first and second, respectively.

In second semester men's sports following basketball, the SLA's have the edge with a first and second in major team sports and a decided edge in individual sports.

## Tennis Team Wins Invitational

NNC won the annual tennis invitational tournament May 2, taking four firsts and three second places for a total of 29 points. BJC was second with 8 points, and College of Idaho had 3 points.

Dorothy Middleider won first place in men's singles defeating Tom Campbell of BJC 5-7, 6-2, 6-3. Campbell had previously beaten Cecil Sheppard, NNC, and Dick Kimball, C of I, to enter the final round. Other entries in men's singles were Don Josephson from C of I and Kent Johnson from BJC.

First place in men's doubles went to Howard Solmon and Terry Peterson of BJC. They defeated Dan Etulain and Jack Wright 7-5, 6-3. Other entries were Art Zeller and Dave Hanson, NNC; Ron Chambers and Bill Smylie, and Tom Keller and Garth Cates from C of I.

In women's singles Minnie Humphrey defeated Mary Lee Lester for first place.

Martha Hopkins and Ruth Watkins won the women's doubles defeating Lynn Wiley and Glenda Wampler of C of I 6-0, 4-6, 12-10. Other entries were Bonnie Quick and Carmen Gilmore, NNC, and Frances Howard and Bennie Hill-yard, C of I.

NNC won both first and second place in mixed doubles. Mary Waller and Jim Bateman defeated Orrene Maurer and Wally Stewart 6-2, 6-3. The only other entry was Donna Cook and Don Wilson from C of I.

The Athenians follow with a second and third in major team sports and a third in individual sports. Olypians have a third and fourth in major team sports and two firsts in individual sports.
